The 17th International SHR Symposium

The 52nd Annual Meeting of the Society for Hypertension Related Disease Model Research

If you would like to make an application for awards for International SHR Symposium, please indicate age of the first author in the Authors Information Form. The first author must be under 40 years old as of March 31, 2016, in order to entry the awards.

Ogihara Award, Yamori Award and Nagai Award

Three investigators for Ogihara Award, Yamori Award and newly established Nagai Award are selected by the program committee from abstracts submitted to the Symposium which are considered to be the most suitable for each Award. The Accessory Prize is 100,000 Japanese yen and the awardees’ age should be below 40 at the end of March 2016.

The SHR Society Award 2016

According to the tradition of International SHR Symposium, the first authors of several excellent oral or poster presentations are selected by the program committee and the certain amount of Accessory Prize (70,000 Japanese yen in two former Symposia) is given to the awardees. The awardees’ age should be below 40 at the end of March 2016.
